

 Enjoy the unique atmosphere of Ch[◆]el, a traditional styled mountain village which, in winter, transforms into ski resort. The village has been carefully developed in order to keep all the old charm and character but at the same time offering all the modern amenities of a new ski resort. The soul of vibrant Ch[◆]el along with the quality of the skiing and its personal charm continue to shape its identity and ever growing reputation.

If the seduction of traditional architecture and fabulous setting of Ch[◆]el weren't enough, then the quality of the skiing area also contributes a lot to the attractiveness of the resort. The skiing is separated between two different mountain ranges: Super-Ch[◆]el / Barbossine and Linga / Pre la Joux / Plain Dranse.

Since Ch[◆]el is part of the Portes du Soleil area, there are direct links with the resorts of Avoriaz, Morgins and Torgon to name but a few.

The international ski area, the Portes du Soleil combines twelve French and Swiss resorts. The total area boasts 650 km of ski runs with around two hundred ski lifts! The exceptional Portes du Soleil has skiing for all and certainly delivers a comprehensive view of why skiing can be so pleasurable. Nestled between Lake Geneva and Mont Blanc, the Portes du Soleil also benefits from exceptional snowfall.

Rails, kickers, slide boxes, hips, boarder cross... The Smoothpark has them all and is awaiting the new freestylers from beginner to pro. The park has been developed to allow all skiers to develop and practice in a fun and friendly environment (Music, BBQs, Contests...)
